Senate Democrats Decide To Junk Romney's Budget

High Winds Lash Northeastern U.S.

By The Associated Press

Violent winter storms slammed across the eastern third of the nation today after leaving most of the central part of the country reeling from the worst weather in years.

Gale-force winds — 40 to 55 m.p.h. — lashed much of the northeastern quarter of the nation. Heavy rain, sleet or snow broke out Thursday along the entire East Coast, from New England to central Florida. The storm of blizzard intensity which struck the Midwest, hitting hardest in Illinois, southern Michigan and Indiana, ended but cold air spread across the snow-covered region.

Florida Chilled

Below - zero temperatures were confined mostly to northern Minnesota and eastern North Dakota, with readings in the teens in the north central region.

The Southeast, including Florida, got a blast of the icy air along with gusty winds up to 50 m.p.h. The freezing line extended into northern Florida.

Deaths attributed to the storms, termed by the Weather Bureau as the most intense of the winter for the entire eastern half of the nation, numbered at least 30, including 8 in the Chicago area and 5 in Kentucky. Many fatalities were attributed to over-exertion while shoveling snow, others from exposure and in traffic accidents on icy and snow-covered highways.

Heavy snow, four inches or more, was indicated along the south shores of Lakes Erie and Ontario and in Vermont, New Hampshire and northeastern New York. More than six inches of snow fell in northern New England Thursday as an intense storm carrying snow, rain and strong winds hit most of the area.

Chicago Blanketed

Gale-force winds created giant drifts in the Midwest snow belt isolating some communities, stranding thousands of motorists and closing schools and businesses. Property damage was extensive. Air, rail and highway travel was slowed.

Chicago and Detroit were the two largest cities getting a full blast of the bitter winter elements. The 11-inch snowfall in Detroit was the biggest in 35 years. Chicago dug out from a blanket of more than a foot in some areas.

As the storm swept into New England Thursday, the observatory at Mt. Washington, N.H., recorded wind gusts up to 133 m.p.h. Gusts were clocked up to 110 m.p.h. at Franconia Notch, N.H.

Second Suspect Held In Killing Of Malcolm X

NEW YORK (AP) — Police today charged a 26-year-old Negro they identified as a Black Muslim "enforcer" with homicide in the assassination of Malcolm X, black nationalist leader.

Norman 3X Butler, of the Bronx, was the second to be charged by police since the slaying Sunday of Malcolm X, who bolted from the Black Muslims more than a year ago and formed a rival sect.

Malcolm, 39, was felled by 13 shots from three guns as he started to address a rally of 400 persons in a ballroom in the Washington Heights section of Manhattan.

Talmadge Hayer, 22, a Negro from Paterson, N.J., who was captured outside the ballroom after he had been shot in the leg by one of Malcolm's bodyguards, also has been charged with homicide. Police alleged he used a shotgun, one of three weapons employed in the deadly attack.

Police said Hayer has been uncooperative and has refused to disclose whether he is a Black Muslim.

Butler's identification as a Black Muslim was the first official link of the Chicago-based sect with the slaying.

Asst. Chief Inspector Joseph L. Coyle said Butler was arrested at his residence, did not resist, "but he seemed surprised."

Police believe five men were involved in the assassination.

Their charge against Butler was that he acted in concert with Hayer.

Boy, 9, Escapes Fire That Killed 6 In His Family

PORT HURON (AP)—A nine-year-old boy crept 100 yards through six-feet high snow drifts to flee from a fire that killed his parents and four of his sisters and brothers today.

Dennis Johnson was the sole survivor of the fire that gutted a farm house near Port Huron.

State police reported they found Dennis in a barn some 100 yards from the main building. He was saved after his father, William Johnson, threw him from a second floor window into deep snow outside.

Killed by flames were Johnson, Mrs. Johnson and their children, Rose, 12; William Jr., 11; Shirley, 8, and Andrew, 7.

Cause of the fire was not immediately determined.

State Police speculated there was some sort of spontaneus combustion in the farm house.

Red Conference In Moscow To Be Meaningless

By The Associated Press

The Russians, probably wishing they'd never started the business, appear to have little choice but to go ahead with the international Communist meeting scheduled to open Monday. Far from helping heal the world Communist rift, the session is likely to aggravate it.

At best, from the Soviet viewpoint, the meeting will be just about meaningless, an opportunity to produce a public chorus of denunciation of the United States and in private to debate fruitlessly whither the world Communist movement is drifting.

Three Reject Invitation

Clearly there is a widespread lack of enthusiasm among the invited parties. Moscow invited 25 which, with the Soviet party, framed the 1960 Moscow declaration, supposedly then a ment.

Three parties — the Chinese, the big Indonesian party and the Albanian — already have rejected the invitation. Five more — Romanian, North Korean, North Vietnamese, Japanese and British — are likely to stay away. The result may be a turnout of 17 or less of the invited 25, a sorry spectacle of Moscow's leadership.

Even the Polish party has been expressing doubts of the wisdom of the meeting, which was supposed to prepare for a conference of all parties to study the rift and sort out conflicting views. Possibly there are doubts even in the Soviet party itself.

Can't Back Up

But Moscow has itself in a box. It has committed itself to the meeting and would be reluctant at this late date to back away. That would look like surrender to Peking. The Kremlin hardly wants to leave the impression that it bows to Chinese pressure.

The meeting comes at an awkward time for Moscow. The Viet Nam crisis has reached new heights of tension and the Chinese point an accusing finger at Moscow. Fearful of being involved in what may explode in Asia, the Russians have supported the idea of negotiations to remove the fuse. The Chinese, scenting Communist victory, show no taste for negotiations.

Today Peking Radio attacked the new leaders in the Kremlin as hypocrites who extolled Khrushchev and pinned medals on him one day, then about-faced and tried to make him a nonperson.

This could be a signal that the propaganda barrage may begin at any time from the Chinese side. Perhaps only the Viet Nam tension holds it back.

Indonesia Quits Office In U.N.

UNITED NATIONS, N.Y. (AP) — Indonesia planned to close its mission to the United Nations today following its withdrawal from the international organization to protest Malaysia's election to the Security Council.

The last remaining members of the mission's staff cleared out the office opposite U.N. headquarters and intended to lock up at 5 p.m.

Secretary-General U Thant completed a letter to Indonesian Foreign Minister Subandrio expressing "the profound reget which is widely felt in the United Nations" at Indonesia's withdrawal and the hope that "in due time it will resume full cooperation with the United Nations."

He was replying to a letter Subandrio sent him Jan. 20 saying that because "neocolonialist" Malaysia had been seated on the Security Council, Indonesia had withdrawn from the organization on Jan. 1 but wanted to maintain official status for its mission until March 1.

Dynamite Theft Linked With Dr. King Threat

LOS ANGELES (AP) — Police tightened security around civil rights leader Dr. Martin Luther King Jr. today, while searching for a man they described as a white racist who may be armed with high explosives.

Detectives said they found boxes of stolen dynamite and other explosives Thursday night in the apartment of Keith D. Gilbert, 27, a gun dealer already awaiting trial on the charge of attempting to kill a man — a Negro —last September.

Two men later were picked up for questioning in connection with the theft. Subsequently, they were booked on suspicion of burglary.

Officers said the boxes found in Gilbert's apartment had been opened, and it was not known whether any dynamite or ammonium nitrate — an unstable chemical which vastly increases explosive potential — was missing.

The explosives found, however, were those taken from a powder company magazine early Thursday morning, police reported.

Several hours after the theft an anonymous caller said the dynamite would be used to kill Dr. King.

Police identified the two men booked on suspicion of burglary as Rodney Chesney, 42, and his nephew, Ronald Bartell, 24, both of nearby Sunland.

Also in Gilbert's apartment, police said, were bazookas, a mortar, hand grenades and application forms for a group one officer identified as The Minutemen.

Worst Michigan Blizzard Blamed For Four Deaths

By The Associated Press

At least four persons died in Michigan in connection with the worst snow storm in the state in the last 30 years.

Two of the victims died in traffic accidents, and two died while shoveling snow.

Leroy C. Train, 72, of Lansing, and Charles W. Wallners, 55, of Baycrest Beach near Monroe, both died after shovelling snow.

Lamar E. Sours, 21, of Bronson, died in an accident involving three cars on US 12 on Bethel Township in Branch County.

Charles Stahl, 79 of Lake Odessa, was killed in a two-car, head-on collision west of Lake Odessa.

Airman Gets 3 Years In Killing Of Filipino Boy

CLARK AIR BASE, Philippines (AP) — A U.S. general court-martial today found Airman 1.C. Larry D. Cole guilty of unpremeditated murder in the shooting of a Filipino boy and sentenced him to three years' imprisonment at hard labor.

Cole, 21, of Marshall, Mich., was convicted of killing Rogelio Balagtas, 14, at the Clark Air Base bombing and gunnery range Nov. 25.

The maximum penalty for unpremeditated murder is life imprisonment.

The sentence against Cole also included dishonorable discharge, reduction in rank to airman basic, and forfeiture of all pay and allowances.

It will be reviewed by the commander of the 13th Air Force and the Air Force Board of Review in Washington.

Cole, 21, had pleaded innocent. He said he fired a warning shot in the general direction of a group that was trespassing on the range. Cole was bird hunting at the time.

Lower Michigan Digs Out Of Snow

By The Associated Press

Southern Michigan struggled to fight free today from the effects of one of the worst winter storms of the century.

Wide areas, including numerous communities, remained all but paralyzed into a second day from Thursday's mountainous snow fall.

An overnight subsidence of the storm gave hope for early recovery, however.

The U. S. Weather Bureau predicted no worse than "flurries" today, mostly along Lake Michigan to the west. Temperatures were to fall.

Going into today's storm aftermath, hundreds of schools stayed shut with snow-clogged roads impassable.

Big Factories Idled

All Detroit's city offices were closed. So were all Detroit's public schools.

Only the Motor City's essential services, including police and firemen and health and safety agencies, operated.

Winter's knockdown punch figured in death and injury and property damage — and forced shutdowns in business and industry.

Thousands of Detroit area auto factory workers were idled. Similarly, factories closed in other cities.

General Motors, Ford and Chrysler were among those which ordered employes to stay home.

Several fatal heart attacks were reported.

The snowstorm, whipped by high winds, was at its worst south of the Bay City-Ludington line.

The Saginaw-Bay City area was deluged with an 18-inch snowfall during the 24-hour period starting Wednesday night, the Weather Bureau said.

Peninsula Escapes

Michigan's Upper Peninsula, often hit by great snows, escaped this one.

Hard-pressed state highway crews kept up a nightlong battle against drifts though the snowfall had abated generally.

Even Higher education suffered.

Wayne State University of Detroit and the University of Detroit closed Thursday and remained closed today.

The University of Michigan Dearborn Campus did likewise.

The U-M at Ann Arbor and Michigan State University at East Lansing stuck it out, however.

The big storm originated in the American Southwest, according to the Weather Bureau, and smashed upon Michigan after sweeping up through Kentucky.

The Southwest is notorious for sending bad storms of this sort to Michigan, a Weather Bureau spokesman said.

Oakland, Wayne, Genesee and Macomb counties took some of the storm's hardest blows.

Many thousands of motorists were stalled. Emergency services were taxed far beyond capacity.

The 11-inch snowfall in Detroit was the worst in 35 years. The last of that size was 12 inches in 1929. Detroit's greatest fall was 24.5 inches in 1886, according to Weather Bureau records.

Viet Cong Hit By US Bombers

SAIGON, South Viet Nam (AP) — U.S. B57 jet bombers continued hammering suspected Viet Cong strongpoints 40 miles southeast of Saigon today.

Air Force spokesmen said the twin-jet planes flew 32 sorties in the morning and 15 in the afternoon over jungled Phuoc Tuy Province. Each bomber from Bien Hoa Airbase carried 13 500-pound bombs on each sortie.

There was no immediate indication what success the raids had.

U.S. authorities reported that in heavy fighting in Binh Dinh Province during the past four days, the government casualty toll had risen to at least 160 — 43 killed, 51 wounded and 66 missing.

The heaviest engagements were due west of the mountain town of An Khe, along the main mountain road leading to Pleiku.

American casualties in the Binh Dinh fighting so far were recorded as one killed and 19 wounded. Six of the wounded were helicopter crewmen.

Aerialist Back; Given Ovation At Madison, Wis.

MADISON, Wis. (AP) — Thirty-five feet above the arena floor, where she almost lost her life, Mary Lou Lawrence, 28, resumed her career, undeterred by memories of a sickening plunge from the flying trapeze.

Flashing a wide smile, the aerialist from Crown Point, Ind., drew a standing ovation from the circus audience, then performed flawlessly Thursday in her first appearance since 1963.

"It was wonderful — no aches, no pains, no nothing," said Miss Lawrence.

Two years ago she suffered a skull fracture, a broken rib and a broken collar bone when she fell to the concrete floor of the Dane County Arena.

North Viet Nam Favors Idea To Negotiate Peace

UNITED NATIONS, N.Y. (AP) — North Viet Nam reportedly favors Secretary-General U Thant's proposal for negotiations to end the war in Viet Nam, but the United States wants indications first that Hanoi is ready to stop sending arms and reinforcements into South Viet Nam.

U.N. sources said Thant received word that the North Vietnamese regime was receptive to the idea of negotiations before he told a news conference Wednesday that he had made proposals looking toward a political solution to the war.

The sources said Thant submitted proposals two weeks ago to North Viet Nam, the United States, France, Britain and the Soviet Union for preliminary talks to set up another conference on Viet Nam like the 1954 Geneva conference which ended the French-Indochinese War.

Secretary of State Dean Rusk told a news conference in Washington Thursday peace talks were out of the question until North Viet Nam shows it is ready to stop sending arms and reinforcements into South Viet Nam. He declined to say what kind of indication from the Communists would be accepted.

"No political gimmick" can stop Red aggression against South Viet Nam, Rusk said.

So long as the Communists are determined on "continuing aggression," he continued, "that has to be met on the ground, factually, directly."

He reaffirmed the Johnson administration's determination to take whatever action it considers necessary to assist South Viet Nam.

Rusk's remarks were the first detailed exposition of U.S. policy on negotiations since the United States started bombing infiltration targets in North Viet Nam and since Britain, France, the Soviet Union and other countries began an active diplomatic search for a peaceful settlement lest the war be expanded rapidly.

Fiscal Reform Will Be Linked To Income Tax

LANSING (AP)—Senate Democrats decided Thursday to draft their own fiscal reform program, including an income tax, and kill Gov. George Romney's budget.

Majority leader Sen. Raymond Dzendzel, D-Detroit, said Republicans should draft their own fiscal reform program — "then we'll sit down and compare programs and get something bipartisan."

Dzendzel said the decision to kill Republican Romney's budget "is no slap at the governor —it's so we can begin operating this session."

Spending Bills Pending

The Constitution prohibits the legislature from considering any money bill until after the governor's budget is accepted or rejected. By killing the budget—probably next week—Democrats will open the way for early passage of a senior citizens property tax relief law and other bills involving money.

Romney has called for tax revision in 1965 but has refused to propose a program until the legislature agrees it is willing to consider one.

At a 2½ hour caucus Thursday, Democrats instructed a committee headed by Sen. George Fitzgerald, D-Detroit, to draft one or more tax reform proposals within three weeks.

Then, said Democrats, they would sit down with the Republicans.

Dzendzel, asked what they'd do if Republicans won't draft their own proposal, said he'd cross that bridge when we come to it."

Sales Levies Estimated

The committee was instructed to include elimination of sales tax on food and drugs and an end to the business activities tax. An income tax on corporations and individuals would make up the lost revenue—and probably more.

Dzendzel said tax rates or dollar revenues were not discussed.

He said stimulus for the fiscal reform decision came from Thursday's opinion of Atty. Gen. Frank Kelley that the legislature may grant exemptions from a flat rate income tax. The flat rate tax is only kind allowed under the Constitution.

Democrats are expected to proposed a high exemption, high rate income tax that would assume some characteristics of the graduated income tax prohibited by the Constitution.

Dzendzel said "nobody likes to be the party tagged with a tax program. If they (Republicans) are sincere they should be willing to help and also to take some of the blame if any is to be taken."

He said Democrats had not set about drafting their budget bills. He left open the possibility that Romney's bills might be resubmitted with only a few changes. This would fulfill the technical requirements while leaving what is essentially Romney's budget up for consideration.

TOO EARLY TO TELL

LANSING (AP)—Gov. George Romney said today he was encouraged by fiscal reform developments but that it was too early to tell if the legislature had committed itself to reform this year.

The Republican governor, reacting to Thursday's move by Senate Democrats to draft their own reform program before moving to the bipartisan conference table, said he'd have his plan ready to match with theirs.

Romney skirted the question of whether he would work out his program in conjunction with the GOP legislative minority or would act as a third party in reform negotiations.

Romney also declined specific reaction to Senate Democratic plans to kill his budget. He said he wanted first - hand confirmation of the reasons for killing the document before commenting.

The governor did say that if the basic concepts of his $788.5 million general fund budget were discarded, Democrats would have to be ready to assess new taxes or assume debt.

Counties Paid State 'Taxes'

Checks totaling more than $600,000 were mailed recently to 76 Michigan counties by the Conservation Department as 1964 payments in lieu of taxes covering more than 4 million acres of state land.

Counties in the Upper Peninsula to receive payment included:

Delta County—62,390 acres, $9,358; Alger—101,519 acres, $15,227; Dickinson — 219,016 $32,852; Luce—287,168 acres, $43,328; Mackinac — 202,192 acres, $30,328; Schoolcraft—284,434 acres, $42,665.

The money, paid at a flat rate of 15 cents per acre, will be prorated among local school districts and townships on the basis of how much state conservation land they have within their boundaries.

Heading the Department payment list is Luce county with $43,075.15. Next highest are Schoolcraft and Marquette counties with $42,665.14 and $39,489.12.

Guidance Course To Be Offered

A graduate - undergraduate college course in guidance will be offered this spring at Houghton, K. I. Sawyer Air Force Base and in Rudyard, beginning in early April. Students may earn three term hours of graduate of undergraduate credit at Michigan State University of two semester hours of graduate or undergraduate credit with Northern Michigan University.

Instructing the course will be Dr. Carl Horn of MSU.

Dropout Trainees At NMU Progress In Personality

Ivan Ryan, coordinator of Northern Michigan University's "Attack on Rural Poverty" program to aid persons in Schoolcraft, Mackinac and Baraga counties, reports to the Office of Manpower, Automation and Training of the U. S. Labor Department that 'many of our trainees are coming out of their introverted shells and are taking an active part in all activities.

"Those with predominant hostile and defensive attitudes are begining to show signs of change and are becoming more sociable. Most are beginning to feel a real sense of belonging."

The women trainees in the class of more than 30 school dropouts from the three counties are the star performers in progress in social orientation, reports Ryan. He says that the method of housing the class on Northern's campus may haye contributed to this result as the men live together and the women are separated into groups through the residence hall and so are in constant contact with coeds.

Never In School

The project recruited school dropouts in the three counties to determine their needs in basic education and in job skills. The high schools were able to provide the names of their dropouts in the project age range of 17-25, but in most cases were unable to supply information on whereabouts.

"Later," reports Ryan "we found there were eligible candidates within the counties who had never been enrolled in any school system, therefore these names did not appear on the dropout list."

Recruiting among the dropouts, Northern's project officers found with their second series of screening that the dropouts were not available for training in the numbers predicted. The university's last check had identified 733 in the three counties.

The largest category, married women who are heads of families, is a very difficult group to assist, it has been found, said Ryan. "Most have young families and husbands who, if employed, are making a meager living. To make avaliable any training opportunities requires the husband's approval and in most cases arrangements for babysitters. The homes are scattered and efforts to provide babysitters are extremely difficult."

Counseling Problem

The project has learned that dropouts interviewed but not selected for training might profit from regular MDTA training if they could pass the test. They could also profit from on the job training if it could be offered. These situations lead to recommendation that the cities of Manistique and St. Ignace be included in the Schoolcraft and Mackinac county rural poverty projects to nearly double the number to be served and bolster the training efforts.

Ryan said the project is now in what might be called a dead phase of recruiting and that a concentrated effort to recruit trainees now would only add to the project's difficulties. "We are unable to provide as many services for those already screened and tested as is desirable," said Ryan. As county work and on the job training programs develop, he said, recruiting should bring no problems.

The project efforts to provide counseling for trainees on the NMU campus have been "far from what we consider optimal. We find the main problems are finding solutions and implementing these finalized ideas without having to use overly much energy, time and legwork. Most of our counseling has been on the informal, group basis.

Personality Change

"The trainees have made a satisfactory adjustment to campus living and individual change in outward personality and attitude has been most gratifying in a majority of the cases.

"No amount of preplanned conventional classroom activity would have met the needs of these trainees.

"Overall the group could be described as an enthusiastic and serious group attemtping to reach their established goals. They have shown much interest in all phases of the program. In basic education many trainees ask for additional homework and they want to see this work corrected and handed back. They seem to realize that they are learning for themselves and not for anyone else.

"The trainees are far from being polished individuals ready to make a successful entry into the competitive world of work, but progress is evident and for some it has been marked.

"All seem to like the food quite well considering that it is institutional cooking and not from home. One trainee remarked "The thing I like about the meals most is that there are three of them."

PCA Writes Off Loss And Views Fine U.P. Future

A big expansive future for the Production Credit Assn of Escanaba, serving Upper Peninsula farmers with production loans on livestock and machinery, was predicted at the 34th annual stockholders meeting at Marco's Thursday.

The prediction was made by all speakers despite a disastrous year in which the Association had a loss of $35,908, resulting in a change of management and adoption of a credit policy which sets up guidelines and controls for the future to avoid the over-extension of credit and the security capacity of the farms.

Most of the bad loans were in dairying ventures, a few in beef industry. Between 15 and 30 bad loans were reported, with R. Bruce Spink, manager, reporting hope of recovery on some of the loans.

The Escanaba PCA reported $1,708,163 in 1964 loans of which $1,643,824 was borrowed from the Federal Intermediate Credit Bank for loans to 292 members of the Association. The loans averaged $5,000 and the largest was $60,000.

For every $100 of loan, farmers buy $5 worth of stock in the Association to create its capitalization. The Association now has a worth of $134,525 by this process, plus $147,317 in surplus reserves built up from earnings, so that shares bought at $5 are now worth $10. It has still to pay off $30,000 in government investment which started its operations and expects to do this in three years and then to start paying dividends (whcih it has not done yet) and to construct a building of its own to house its operations.

Spink said that the Escanaba PCA is in a strong financial position and looking forward to being a $5 million organization in a few years. "We expect the debt per farm to double in the next 10 years," he said, "and we expect to have our share of it. We're owned by the farmers who borrow from us." PCA loans bear 7 per cent interest on the unpaid balance.

The annual election named Martin Witte, of Bark River, and Rodney Richards of Luce County as directors of the Association for three year terms.

Elected to the nominating committee were Elmer Lepisto, Rock; Harold Woodard, Cornell; Dallas Brusoe, Ontonagon, and Robert Joupperi, Bruce Crossing.

Larry Wisniewski, East Lansing, assistant vice president, Federal Intermediate Credit Bank, explained the origin and function of the federally created bank which uses private resources in bringing the financial power of city investors to the assistance of agriculture, which needs financing increasing in modern operations calling for large investments.

The PCA complements the Federal Land Bank program set up to make loans on land in 1917. There are more than 500 PCAs in the nation, including the Escanaba PCA, which serves the entire Upper Peninsula.

Aubrey Johnson, St. Paul, vice president of the FICB, said the PCAs serve the necessity for more farm credit for livestock and machinery. He urged farmers to use Telfarm accounting systems for efficiency. "Let's put our technical knowledge to work for the farmers," he said.

Escanaba Sends 79 Students To Music Festival

The Escanaba Area High School music department will send 79 students into competition Saturday at the Upper Peninsula Solo and Ensemble Festival at Northern Michigan University in Marquette.

Performances — which are open to the public—will be held in NMU's new Fine Arts Building from 8 a. m. to 4 p. m.

Outstanding performers in vocal, strings, woodwind and brass classifications will be selected to perform in an "Honors Concert" at 4 p. m. in the Fine Arts Building's little theatre. A year ago, Escanaba was represented by 37 students on the "Honors Concert" program.

Judges for the festival are from St. Norbert's College, De-Pere, Wis., and northern Wisconsin high schools.

The Escanaba group will leave by bus from the high school at 7:15 a. m. Saturday with their instructors, accompanists and chaperones. They are Mr. and Mrs. John Chown, Conrad Beck, David Laakso, Mrs. Clara Embs, Mrs. Dudley Beck, Mrs. Mae Brazeau, Mrs. Helen Moore and Mrs. Clara Garrard.

Kimberly Clark Profits Decline

Sales increased but profits slipped for Kimberly-Clark Corp. in the nine months ended Jan. 31. The Neenah, Wis paper firm which is the largest owner of Upper Peninsula commercial forest, reported sales of $425,315,000 and earnings of $25,452,000, or $2.50 a share. In the corresponding period of the previous fiscal year, sales totaled $413,462,000 and net income was $25,636,000, or $2.52 a share.

John R. Kimberly, president said in an interim report that earnings were affected by a three month strike at the firm's mill in West Carrollton, Ohio, and by heavy startup costs at the multi-million-dollar Shasta pulp and paper mill in Anderson, Calif.

Delta Members Offered Three Bonus Concerts

Season ticket holders of the Delta County Concert Association are reminded that they have three reciprocal concerts coming up soon in neighboring towns.

The first will be at Menominee on Wednesday night, March 3, when the Chicago Little Symphony will play under the direction of Thor Johnson. Curtain time will be at 8:30 p. m. to enable members to first attend Ash Wednesday services.

The following evening, Thursday March 4, Douglas Davis, cellist, will appear on the Marquette series, at 8:15 at Kaye Auditorium.

In Iron Mountain on Tuesday, March 9, those who are interested in folk singing will hear Archer and Gile, two young women successful in this field. The concert is at the Iron Mountain High School.

Closing concert on the Delta County series will be the outstanding Metropolitan Opera contralto, Lili Chookasian, on Monday evening, March 29.

Chips And Splinters

Contributions To Chips Welcomed

Alvin R. McDowell, ham radio enthusiast who operates WA8FSU at Box 65, Seney, maintained contact all through the winter of 1963-64 with the Eights Station, KC4USK in Antartica of the Polar Operations Project of the National Science Foundation.

Wes Morris, station scientific leader, has written to McDowell the thanks of the personnel who wintered at Eights Station, Antartica, for his handling of the project's ham radio traffic during the year.

"We recognize the extent of your efforts in our behalf," wrote Morris "the time consuming hours spent at the ham rig, the frustrations during poor band conditions, the periods of broken sleep in the dim hours of the morning, the personal expenses involved.

"The phone patches and radio messages linking us with our friends and loved ones back home were made possible through your willingness and dedication throughout the long siege of total isolation. We feel this, as a morale factor, has been a significant contribution toward the overall success of our year in the Antarctic—and hence to the scientific program."

ABOUT ACROBATS

Acrobats who are called double-jointed usually have permanently stretched their ligaments, thus making the joints very loose, with greater freedom of movement.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor breath". Get FASTEETH today at drug counters everywhere.

National Forest Timber Sale

MANISTIQUE RANGER DISTRICT HARVEST AREA

Sealed bids will be received by the Forest Supervisor, U. S. Forest Service, Escanaba, Michigan, up to 2:00 P. M. (EST) March 30, 1965, and will be opened immediately thereafter for all live timber marked or designated for cutting and all merchantable dead timber located on an area of about 1280 acres in Sections 29 & 30, Township 44 North, Range 17 West, Michigan Meridian, Hiawatha National Forest. No bid less than the minimum rates shown below for each species and product will be considered. The estimated volumes and minimum rates are: 1170 cords of Aspen and Paper Birch pulpwood at $0.80 per rough cord; 210 cords of Spruce pulpwood at $5.75 per rough cord; 180 cords of Balsam Fir pulpwood at $3.30 per rough cord. The above rates include deposit for sale area betterment. Under certain conditions the Forest Service may, upon execution of a written agreement with the purchaser, base stumpage charges on the scale of pulpwood and other products by the receiving agency. A deposit of $100.00 in the form of a certified check, bank draft, cashier's check, or money order must accompany each bid to be applied on the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. Bids submitted without the above form of deposit will require rejection of the bid as unresponsive. The right to reject any and all bids is reserved. Before bids are submitted, full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the District Ranger, U. S. Forest Service, Manistique, Michigan, or from the Forest Supervisor, U. S. Forest Service, Escanaba, Michigan.

Mrs. Abel Wins Second Stove At Cooking School

By AMY MOBERG

Mrs. Anton J. (Belle) Abel of 1315 1st Ave. S. is the winner of the Magic Chef electric range, donated by Bay de Noc Co-op, Grand Prize of the Escanaba Daily Press-Upper Peninsula Power Co. co-sponsored Cooking School.

The award was announced by Al Sanville, appliance manager of Bay de Noc, last night, as the climax of the second and closing session of the two-day school, at William W. Oliver Memorial Auditorium, Escanaba Junior High School.

Mrs. Abel, who attended the first session of the school, was unable to be there last night — it was her bowling night. She was informed of her good luck by a neighbor when she returned home.

"It was quite a shock — a happy one," she said this morning. "I couldn't quite believe it last night.

"And do you know, this is the second time I have won a Magic Chef range! The first was in a program at the Delft Theater, right after I was married and that is a long time ago. It's a wonderful stove and I used it until a few years ago. I guess I was born under a lucky star."

The final session of the Cooking School, conducted by Mrs. Marvyl I. Wilson, home economist of the Power Co., was attended by a near capacity crowd. Some women, who had been unable to gain admittance Wednesday night, were at the Junior High School shortly after 5 p. m. to make sure they would be first in line.

Assisting Mrs. Wilson on the stage were Betty Pepin and Maureen Dean of Escanaba Area High School and Laurel Stendahl of Holy Name High School.

The school again featured hundreds of valuable gifts, donated by merchants of Escanaba and neighboring communities and the delicious foods prepared by the home economist were included in the gifts.

GETTING ACQUAINTED with the most modern Magic Chef electric range, Grand Prize of the Escanaba Daily Press-Upper Peninsula Power Co. Cooking School, is Mrs. Anton Abel, who was awardel the prize at the closing session of the school last night. With her are Allen Sanville, Appliance Manager, and Gene Graves, General Manager of Bay de Noc Co-op, which donated the major award. History was repeating itself for Mrs. Abel, who, shortly after her marriage, was the winner of a Magic Chef range, which she used for many years. (Daily Press Photo)

Council Meeting Set For Monday

The Escanaba City Council will meet on Monday, March 1, at 8 p.m. in the City Hall with Mayor George Rusch presiding.

The meeting was advanced to Monday from the usual Thursday meeting date because of a conflict in meetings for some of the councilmen, said City Manager George Harvey.

Leo Londo, waste water treatment supervisor at the Escanaba water treatment and pumping station, will be presented with a certificate from the Michigan Department of Health.

Bids will be opened by the Council for the purchase of a cab and chassis for the city sander; and Council will act on a request for transfer of a Class C liquor license from Edward Gosselin, Skinny's Bar, to Ethel Gitcho.

Labor Shortage In Woods Causes Crisis For Deer

A deer yarding area north of St. Jacques which has a critical deer food shortage problem has been reported by Conservation Officer Charles Bowen of the Ensign area.

On Monday Officer Bowen and two Mead Corp. foresters, Paul Kreger and Marvin Johnson, went into the yard to check on the food situation. The three men, assisted by Louis LaFond of Rapid River cut a number of cull cedar trees. Shortly after the trees were dropped 25 deer were observed eating the browse around the men. One small fawn fed within a few feet of LaFond.

The food shortage developed because jobbers in the area are unable to get cedar post cutters. The deer are now eating spruce, which is a "last resort" food with little value. The area's young deer are already in rough shape said Conservation Officer Bowen and another month of cold weather and more snow will worsen their condition.

The problem can be solved by a cedar cutting project being organized by Bowen. The land where the cutting will be done is owned by the Mead Corp., which has granted permission for the project. The cutting will be done by interested persons and organizations who must furnish their own cutting equipment.

People willing to help with this project may telephone Conservation Officer Bowen of Rapid River, 474-6726.

The woods labor shortage which has contributed to the deer crisis is a general one in the area, wood operators report, and is so severe that the area's winter cut of pulpwood, cedar and other products will be reduced significantly because of it.

Harold J. Rubens, Escanaba Native, Dies In Chicago

Harold John Rubens, 46, former resident of Escanaba, died Thursday in Municipal Tuberculosis Sanatorium, Chicago, where he had been a patient two years. He was born Nov. 18, 1918, in Escanaba.

Surviving are four sisters, Mrs. Anton Abel and Mrs. Charles Rimsa, Escanaba, Mrs. Louis Sparpana and Mrs. Marjorie Bousch, Dearborn, and one brother, Clark, Green Bay.

Friends of the family may call at the Anderson Funeral Home after 10 a. m. Saturday and complete services will be held at 2 p. m. Saturday at the funeral home chapel. The Rev. Ben Helmer of St. Stephen's Episcopal Church will officiate. Burial will be in Lakeview Cemetery.

Cleary Quits Treasury Job

LANSING (AP)—State Treasurer Sanford Brown Thursday announced the resignation of Thomas J. Cleary, as deputy state treasurer. Cleary, from Escanaba, has served as deputy for the past six years. He is leaving the Treasury to organize a consulting firm in Lansing. His associate will be Bernie McCleish of Bay Port, a retired postmaster who has served as legislative advisor for the American Legion.

Cleary, a native of Escanaba and son of the late Gerald Cleary, Delta County and Upper Peninsula Democratic leader, and of Mrs. Regina Cleary, long-time Escanaba postmaster, is in a department of state government, which has been changed by the new Michigan constitution.

The state treasurer will no longer be elected but appointed by the governor with the consent of the senate. State Treasurer Sanford Brown is remaining in the office for the present until the Legislature implements the constitutional provision with an enabling act.

Cleary, a popular and personable state officer at the capitol in Lansing, will be doing lobbying work on a scene where the Republicans were long dominant and where most of the older lobbyist's connections were Republican. The Democrats are now in control and Democrat Cleary is expected by his Democratic friends in Delta County to become the Tommy Corcoran of the situation. "Tommy the Cork" was an aide of Franklin Delano Roosevelt who became a famed arranger of government cooperation in the national capitol.

Escanaba's Decision

The City of Escanaba's residents will be asked soon if they want to sell their municipally-owned gas utility to the Michigan Consolidated Gas Co.

Chairman Peter Spivak of the Michigan Public Service Commission told a recent meeting of the Escanaba Rotary and Kiwanis clubs that the city should not fail or fumble nor be undecided about what to do about its gas utility; that it should make a decision calmly and dispassionately on the best information it can get.

Many persons have worked long and hard to bring natural gas to the Upper Peninsula, said Spivak, and a delayed decision on Escanaba's position might be chaotic. While he said he did not expect natural gas to cause an industrial miracle overnight in the Upper Peninsula, he said that it would create a more complete utility service and give the area one more lure for industry.

★ ★ ★

When the Federal Power Commission grants a certificate to Michigan Consolidated Gas Co. to serve the southern Upper Peninsula, as it seems about to do, the utility will make the City of Escanaba an offer for its municipal gas system as a strategic unit in its planned U.P. network, extending from Rapid River to Iron River.

In preparation for a decision on the issue the City of Escanaba has had the consulting engineering firm of Black & Veatch of Kansas City make a study of its gas utility and recommend a city policy on its retention or sale.

The Black & Veatch report is in and it has been publicized to some degree. It is a good report, said Spivak. Black & Veatch could not know what Michigan Consolidated would offer for the city gas utility, because Mich Con has made no offer yet, but the study describes a range of prices and marks the point ($600,000) at which the city would gain no advantage in owning its own gas plant.

★ ★ ★

The report also cites the problem of insuring the city against claims in any eventuality in the operation of the gas utility. The city had $315,000 from earnings of its gas and steam heat utilities in a self-insurance fund for this purpose on June 30, 1964. With sale, the city's liability would be over.

Because the City of Escanaba has joined the Michigan State Public Service Commission in favoring the competitive application of Michigan Consolidated in hearing by the Federal Power Commission, it must be assumed that the city will present a proposal for sale of its gas utiltiy to its voters.

This proposal should be accompanied by a recommendation from the city council for the guidance of voters and should be part of a thorough educational campaign by the city to familiarize voters with the issue, which is one of considerable complexity.

★ ★ ★

Michigan Consolidated will conduct an educational campaign to present its proposal and the advantages of its ownership. This can be compared with the city's presentation by the voters in the forming of their judgment.

Michigan Consolidated has purchased the pipe and other material needs of its proposed pipeline to permit start of construction this spring as soon as the Federal Power Commission acts. D-Day for decision nears for Escanaba and the processes of opinion making should start immediately, as the FPC decision is expected by April 1 and the bulldozers, welders and ditchers will arrive with the flowers of spring.

The city's decision will not be a simple one of voting to sell or voting to retain its gas utility. If the decision is to retain the utility it must then make a second decision to borrow a sizeable amount of money to rebuild its gas utility to distribute natural gas instead of the propane gas it now sells.

Next step in the process of decision about natural gas service here is for the city to ask Michigan Consolidated for a firm price offer on the city's gas utility, suggests the Black & Veatch report. The offer will be the thing on which negotiations can start and the sooner it is received the more time there will be to study it before Vote Day.

Mead Tells Its Position In U.S. Trust Act Case

DAYTON, O. — George H. Pringle, president of Mead Corp., has issued the following statement concerning the announcement by the Federal Trade Commission of a consent order on Friday, Feb. 19, affecting Mead Containers Division:

"Mead Corp. reached an agreement on a consent order with the Federal Trade Commission. By so doing Mead does not admit any violation of the Clayton Act, the so-called anti-merger law; nor has any court judged the case.

"We reached this agreement with the FTC after prolonged study. To comply, we will sell certain Mead Containers Division box plants—and dispose of our minority interest in one other such plant.

"The management of Mead Corp. believes this action is in the best interests of the corporation. We anticipate that compliance will not adversely affect Mead's earnings or growth potential. It avoids the uncertainty and dirsruption of business that would inevitably result from a long drawn out lawsuit. Our decision also takes cognizance of recent court decisions.

"The plants we have agreed to sell are in: Baltimore, Md.; Chicago and East St. Louis, Ill.; Grand Rapids, Mich.; North Bergen and Elizabeth, N. J.—and a minority interest in a box plant at York, Pa.

"Under terms of the agreement we are required to sell one of the plants within a year, and the others at reasonable intervals. We have a five year period in which to dispose of all seven plants.

"We have also agreed not to buy any other container plant or container-board mill during the next 10 years though, of course, there is no prohibition in the order aaginst building new plants or expanding existing ones.

"Our long range plans do include the construction of new facilities which, at the proper time, will be announced. This past year we completed construction of two new facilities at Albert Lea, Minn. and Spartansburg, S. C.

"We will also continue as a partner in the construction of a new 800-ton-per-day linerboard mil lat Mahrt, Ala., near Holy Trinity in Russell County, which is further evidence of our confidence in the future.

"The Mead Corp. is conscious of the burden this consent order places on our business, particularly the unsettling effect on our employes at the plants involved. However, all plants, complete with the machinery required to make and sell corrugated containers, will be sold to responsible parties who intend to continue each plant's operation as a going concern. For this reason we have told our employes that we believe the sale of these plants will not have any effect on employment or job opportunities.

"In addition, we want to make clear to our customers and share owners that Mead will remain actively engaged in the container business, effectively competing for container business in many markets. New uses for containers are being developed every year at Mead's New Products Division, one of the finest in the industry."

Mead is one of the nation's largest producers of pulp, paper, paperboard, packaging and packaging systems; operating 47 manufacturing facilities in 20 states, with 17,00 employes.

Bill Will Bare Race Bet Issue

LANSING (AP) — A bill to abolish horse racing in Michigan was to be introduced in the Senate Thursday — its stated purpose to bare the moral issue of pari-mutuel wagering in connection with proposed greyhound racing.

Sen. Basil Brown, D-Highland Park, said his bill "will present the issue squarely of whether or not we should have pari-mutuel racing.

Horse-racing interests are lined up against the greyhound racing bill. Brown said there are no moral grounds for allowing one and banning the other.

"I don't care one way or the other whether pari-mutuel betting is allowed or not," he said. "If I had my druthers, I think I'd rather have a state lottery than racing from the standpoint of state revenues."

Brown said if horses and dogs are allowed to race, there's no reason why quarter horses shouldn't also be allowed to compete.

Brown was joined in his anti-horse racing bill by Sen. Coleman Young, D-Detroit. Both senators signed the greyhound racing bill introduced Feb. 12.

At that time Brown said he thought the horses and dogs should be regulated on a both or neither basis.

Darts For Johnson

By BRUCE BIOSSAT

WASHINGTON — (NEA) — President Lyndon B. Johnson is reported to be feeling sorely "put upon" these days as critical darts—some of them fairly small—continue to be hurled at him.

In part, this in inevitable. People in and out of government are firing at him because he is there, in the White House, sitting atop a pile of 43 million votes.

The President has no Bobby Kennedy to draw off some of the fire. He has to take it all: the mutterings about Viet Nam, about his handling of the press, his failure to send Vice President Humphrey to the Churchill funeral, his general secretiveness.

Johnson is too much his own man for it to be plausible to direct any of these shots toward some principal aide, as happened to Sherman Adams in President Eisenhower's day.

★ ★ ★

The President is particularly exercised at complaints he is not telling the American people why we are in South Viet Nam and what new things we propose to do to improve a difficult position there.

He thinks he and his cabinet leaders have explained our presence well enough as reflecting our own prime interests and our response to South Vietnamese appeals. Plans contingent upon a widened war are not to be divulged. There is nothing new to be said about a conflict still largely contained within fairly narrow limits.

★ ★ ★

Yet, even as some men spring forward to convey, sympathetically, the President's reaction on this subject, new darts are being thrown.

From three quite disparate sources, concern has recently been expressed over the dollar —not as to its stability, but rather its evidently rising status as a measure of men in Washington.

All these critics, who are either in or near government, admire Johnson and believe him to be both extremely able and possessed of the highest intentions in his high office.

Two of them contend, however, that the capital in Johnson's era is being heavily invaded by men whose primary purpose is making money instead of a better world. Mostly these complainants are talking of men who work the fringes of government, exploiting their contacts within.

At this moment, specifics are not being offered. No one is yet charging scandal, or any color of illegality. Nor is it being said that Johnson has signaled welcome to the "money men." It is simply argued that the invasion is occurring.

★ ★ ★

The third critic brings the dollar sign closer to the President's doorstep. He believes that Lyndon Johnson, and some others in his administration, rely too much on financial success as a gauge in recruiting men for key government posts.

The judgment is blunt—that the President, coming out of Texas, the land of the self-made man, is entranced with those who have banked it big.

Says this third source:

"While this administration labors weeks and months to lure millionaires to its fold, young, idealistic men rich in government experience are going out the back door in a constant stream."

One of those who has spoken of the "money men" obviously fears that sooner or later some of them may taint the Johnson administration, unless the President can somehow lift sights above dollar-level.

But fear of scandal is not the critics' only worry. Equal anxiety is felt that a kind of dollar-driven mediocrity might settle over this administration, notwithstanding able exertions by Johnson in many important endeavors.

To some Democrats there could be no crueler cut than this, from one critic:

"Before we're through this may turn out to be very much like the business-minded Eisenhower administration."

Barr school, at Fifth Ave., between 12th and 13th Sts., is now a landmark that doesn't serve. It's flag was lowered today while the children stood by and watched. It has served that part of Escanaba for the past 57 years. Many of its early day pupils are grandparents of the children who watched today's ceremony.

Twenty-one residents of this area have signed up for enrollment in the civic air patrol to form an organization to be known as the Delta County Air Squadron. Joseph Paterick has been named temporary commander.

Manistique women have taken up accordion playing and have formed a band made up entirely of accordion players. They will present a concert in the near future. Mrs. Lydia Bouschor is manager of the organization.

Among appointments made by the Most Rev. Francis Magner, bishop of the Marquette archdiocese, are two affecting local churches. Father Guertin, of St. Anne's Church will go to Sault Ste. Marie and Father Martin Melican, chaplain of the Holy Family Orphanage, Marquette, will succeed the late Father Kennedy as pastor of St. Patrick's church here.

Mr. and Mrs. Emil Srnka Sr. of Powers, residents of that vicinity for the past 29 years, observed their golden wedding anniversary yesterday.

Mr. and Mrs. John Schroeder, of 626½ S. 17th St., are in the hospital recovering from the effects of coal gas poisoning. Dr. John J. Walch found the couple lying unconscious in the home shortly after he had received a call from Mr. Schroeder, who was apparently not ill when he made the call.

Escanaba High School will shortly present "The Mikado," and the following students have lead roles: John Stevens, Miriam Lund, Mary Louis Wilson, Lois Hanson, Irene Larson, Tudor Phillips, Max Stoakes and Ray Hurley.

Winners in Gladstone's recent Declamatory contest were, Richard Johnston, in declamation and Lee Wilson, oratory and Linda Jackson extemporaneous speech.

Conjecture persists on the feasibility of a new canal to cross the Upper Peninsula from AuTrain to Little Bay de Noc. At a recent meeting at Ishpeming it was lauded as an ideal defense alternative should the Soo Canal suffer demolition.

Ann Landers

'Normal Folks' In Trouble Too

Dear Ann Landers: I began to read your column nine years ago—for laughs. I stopped laughing after the first two months when I saw my wife, my children, my mother, my brothers, the boss, the family next door, then finally myself.

Your column is a compendium of psychology, philosophy, English composition, sociology and social justice. And then there is the humor. It is incomparable. But this is not what I started out to say.

I am writing today about the letter signed "Just Normal Folks." They can't understand why there are so many screwballs in the world—nuts whose lives are all loused up. I have known people like that and they make me sick. They are so proud of themselves, as if they fashioned their good fortune with their own two hands. They congratulate each other daily on how well they are handling their lives.

By their standards I am not normal because I have had a great deal of trouble in my life. I did not arrange to have my father die under the wheels of a truck when I was 15. Nor was I responsible for my mother's heart attack two years later. I was not to blame for my brother's divorce or his suicide which followed. It is not my fault that my wife and I have lost two of our four children to polio and that a fifth child was still-born.

I don't know what luck is, and I don't know how much bad luck people bring on themselves, but I do know that some folks have a tougher time than others. I hope that nothing unfortunate ever strikes Just Normal Folks. They would go down without a trace.—BATTLE SCARRED

Bear Battle Scarred: Trouble is an inevitable part of living. Voltaire wrote, "A man who says 'I have no troubles' is a liar or an idiot." And I'm with him.

★ ★ ★

Dear Ann Landers: My husband insists the next time he hears our 15-year-old daughter say on the telephone "What are you gonna wear to school today" he is going to hit her on the seat with a hairbrush.

It's annoying to hear her confer with girl friends every morning about clothes but I don't feel this is particularly bad.

Please pour a little oil on the troubled waters. — BALANCE WHEEL

Dear Wheel: And what's so terrible about girls conferring on what to wear? Personally, I believe this is a great deal healthier than not giving a hoot. And incidentally, the sloppy look is out. It's "in" to be neat this season.

★ ★ ★

Dear Ann Landers: I'm going to disguise my letter by changing some of the details, because I don't want to embarrass anyone.

My uncle was the attorney general of this state 10 years ago. Every time my husband introduced me it went like this, "Meet my wife, Betty. She's the niece of the attorney general."

I never cared for this introduction, and I told my husband, but it didn't help.

He still introduces me as the niece of the attorney general, although my uncle has been out of office since 1959. My husband says senators, governors, and other politicians retain their titles forever. Right or wrong?—BETTY

Dear Betty: Ex-governors, senators, and ex-colonels, do not hang on to their titles—their friends do.

But this is not the real issue in YOUR family. Why must your husband drag your uncle into the picture when he introduces you? Does he feel you need a build-up? Does he need it? Tell him, once and for all, it is embarrassing and to knock it off.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

The Doctor Says:

Vitamin Not Stockpiled

By Dr. Wayne G. Brandstadt

Q— Can a person take too much vitamin B-1? What is the daily requirement for an adult?

A — Since thiamine (vitamin B-1) is water soluble, it is not stored in the body.

Large amounts over the daily requirement of 1.5 to 2.5 milligrams are promptly eliminated and cause no harm.

This daily requirement may be obtained in about 3½ ounces of pork or 7 ounces of oatmeal or peanuts.

In lower concentrations, it is also available in milk, vegetables and fruits. Pregnant women and mothers who are nursing their babies need an increased amount of this vitamin.

Q — What foods contain vitamin E?

A — Vitamin E is found in vegetable oils, green, leafy vegetables and nuts.

Although it may be needed in the human body, its exact function is hard to determine because even on the poorest diet it has been impossible to produce a deficiency of this vitamin in man.

Persons with cystic fibrosis do have a deficiency of vitamin E, but no relationship between the vitamin lack and the disease has been proved.

Q — When my eyes were examined a year ago the doctor used drops to dilate my pupils. Then he used pilocarpin drops to bring them back to normal size.

This caused an immediate severe headache and nausea so that I couldn't leave the office for half an hour. Does this mean I have glaucoma?

A — Pilocarpin tends to relieve, not aggravate, glaucoma. There are no side effects from the use of pilocarpin drops in the eyes.

You should seek some other cause — possibly migraine — for the symptoms you described.

Q — In a recent column you recommended walnut stain for masking skin areas that had no pigment. My druggist doesn't have any walnut stain and doesn't know where to get it.

A — Have your druggist write to Dermatological Prescription laboratories, 2100 Bryant Street, San Francisco, Calif., 94110.

Q — What can be done to help a person with puffiness under the eyes? Is there any operation for this?

A — Loss of elesticity of the skin of the lower lids occurs with aging. There may also be a herditary element in the cause. Furthermore, fatigue usually aggravates it.

This is not a sign of any serious ailment, so no treatment is required, but many persons with this condition have a plastic operation for cosmetic reasons.

QUICKLY PICKED UP

HOMERVILLE, Ga. (AP) — A Homerville man has learned that it pays to be careful when hitch-hiking.

Bubba Sharpe, jailed for disorderly conduct and fighting, escaped and was trying to thumb a ride to a different part of the state. A car stopped and picked him up.

To his chagrin, Sharpe discovered his benefactor was Police Chief Joe Lancaster of Homerville. The chief said Sharpe was returned to jail where he paid a $30 fine.

Obituary

MRS. MARY H. JOHNSON

Complete funeral services for Mrs. Mary H. Johnson were held at the First Lutheran Church at 2 p.m. Thursday with the Rev. Reuben L. Carlson officiating. Burial was made in Fernwood Cemetery.

Briefly Told

The Gladstone Community 4-H Club will hold a bowling party at Midway Lanes Saturday at 1 p.m. Those planning to attend are asked to bring their fees with them.

Andrew Pentilla, 79, of Rte. 1, Gladstone, was ticketed by State Police of the Gladstone Post for making an improper turn after his car was struck by a car driven by Thomas Beauchamp, Rte. 1, Gladstone, at 1:15 p.m. Thursday. Troopers said Pentilla was making a U-turn on U.S. 2 and 41 at intersection of Co. Rd. F-24 in Brampton Township and pulled in front of the Beauchamp vehicle. Also ticketed Thursday were Patrick Rice, Gulliver, for defective equipment and Gladys Pepin, Rte. 1, Bark River, for making an improper right turn.

Cub Scout Pack 471 will hold its annual Blue and Gold banquet at 6 p.m. Saturday at All Saints Church. The program will include Indian dances by the Order of the Arrow dance team and musical selections by Bruce Hawkinson, Pat Norton and Dick Balding. Awards will be presented and David Clark will be honored as checker champion.

Jaycettes Name Officers At Dinner Meeting

The newly organized Jaycettes named officers for the new year at a dinner meeting held at the Dells Supper Club.

Mrs. Emil Auger was elected president; Mrs. Richard Ducheny, vice president; Mrs. Edgar Larche, treasurer; Mrs. Joseph Heller, secretary. Members of the Board of Directors are Mrs. Donald Moreau, Mrs. Louis Weiland and Mrs. Robert Bink.

A discussion of projects or charity work to be undertaken by the group was held and the directors will meet in the near future to make definite plans along this line.

The Jaycettes group is an auxiliary unit of the Junior Chamber of Commerce. The main purpose of the Auxiliary is to assist Jaycees in promotions of civic interest. Any Jaycee wife is eligible to join the organization.

The next meeting will be held March 23 at the Dells Supper Club.

Kay Carlson Is Fiancee Of Thor Nelson

Mr. and Mrs. Clarence Carlson of 1406 N. 18th St., Escanaba, are announcing the engagement of their daughter, Kay Marie, of Milwaukee, to L/Cpl. Thor Raymond Nelson, son of Mrs. Ralph Nelson, 1502 N. 16th St., Escanaba, and the late Mr. Nelson.

Miss Carlson attended Milwaukee Institute of Technology and is a graduate of Northern Michigan University School of Nursing, Marquette. She now is a member of the nursing staff of the Veterans Administration Center at Wood, Wis.

Cpl. Nelson is serving as an electronics technician in the U. S. Marine Corps and recently completed a tour of duty at Okinawa. He preesntly is stationed in El Toro, Calif.

Both Miss Carlson and her fiance are Escanaba High School graduates.

Births

LEMERAND — A son, Rodney James, was born to Mr. and Mrs. Rodney Lemerand, 1608 Washington Ave., Feb. 25 at 11:44 a.m. at St. Francis Hospital. The infant, first child of the couple, weighed 10 pounds and 1 ounce. Mrs. Lemerand is the former Cheryl Anderson. The new member of the family is the first grandchild of Mr. and Mrs. Earl Sovey, Escanaba Rte. 1.

VERBRIGGHE — Mr. and Mrs. Matt J. Verbrigghe, Escanaba Rte. 1, are the parents of a son, born at St. Francis Hospital Feb. 25 at 1:19 a.m. The infant, Dale Robert, weighed 7 pounds and 10 ounces. The mother is the former Darla Pickard.

WOLF — Mr. and Mrs. Blash Wolf of Rochelle, Ill., welcomed a son, Jeffery Scott, born Feb. 20. The infant weighed 6 pounds 6 ounces. The mother is the former Gladys Van Effen of Escanaba.

World Day Of Prayer Is Universal Appeal

World Day of Prayer in its 79th yearly observance will, Friday, March 5, unite the Escanaba area with the world community in prayerful supplication. An invitation to all persons interested in being part of this Christian fellowship has been extended by Mrs. Walter Bjorkquist, chairman of the local World Day of Prayer and her cooperating committee. The service will be held in St. Stephen's Episcopal Church, 523 3rd Ave. S., at 2 p. m. The Rev. Ben Helmer of the host church will be the speaker.

Uniting six continents and more than 125 nations, this first Friday of the Lenten season has been set aside as a time for prayers for peace and brotherhood on the theme "What Doth the Lord Require?"

In writing the service, Mrs. Jesse Jai McNeil of Pasadena, Calif., called the Church "to a radical and deep involvement in affairs of the world in the name of Christ". Mrs. McNeil, wife of the Rev. Dr. Jesse Jai McNeill, author and minister, has an outstanding record in church leadership, having served as a member of the National Board of Managers of United Church Women since 1957 and as a member of the National Baptist Convention, USA Inc.

While a resident of Michigan, she was the first Negro to receive the citation "Layman of the Year" from the Detroit Council of Churches, and the second woman to be so honored.

In a world beset by the agony of rebirth where acceleration, overskill, and segregation are a cold reality, this service of the World Day of Prayer consisting of familiar passages from the Old and New Testaments entwined with hymns and prayer will offer each participant the warmth of fellowship through Jesus Christ which transcends all barriers, it is observed.

As a service of the laity, for 79 years this day of prayer has given Christian witness through re-dedication and mission, person to person, race to race, and nation to nation.

C. & N. W. Club Meeting Monday

The Women's Club of the Chicago & North Western Railway is meeting Monday, March 1, at 2 p. m. in the Elks Club Rooms. Presbyterian Father And Son Banquet Success

The annual Father and Son banquet, held Thursday evening at First United Presbyterian Church, was a most successful affair, with an attendance of 85. Colorful decorations were in the patriotic theme of the month.

Arrangements were in charge of the Women's Association of the church with Mrs. David Laakso and Mrs. Donald Fitch, co-chairmen.

The program of the evening with Frank Bender Jr., master of ceremonies, included group singing, led by Arol Beck and Don Wertz, selections by a brass sextet, Mike and John O'Brien, Mike and Tom Olson, Bryan Bender and David Laakso, under the direction of Mr. Laakso, and a Conservation Department film on early lumbering days.

The invocation was given by Charles Kaiser and the Benediction by the Rev. D. Douglas Seleen.

Recognition was given: Gerald Nelson, youngest father; Eric Hockstad, youngest son; Chris Sealander, oldest father; Verne Johnson, oldest son; Leonard Olson family, oldest father and son combined ages.

Dance Program At Bishop Home

Jeannette LeCaptain School of Dance will present a program this evening at 7 for residents of the Bishop Noa Home in Escanaba. The dance numbers will be given in the lobby of the Home. Opening a busy program of social activities this week was an organ recital by Mrs. Rachel Groos Monday evening, with group singing and solos by Mrs. Flora White, a resident. Holy Name Folk Singers entertained Wednesday evening and the Bay de Noc Barbershoppers presented a program Thursday night.

Promenaders Meet Saturday

The Promenaders Square Dance Club will meet Saturday at 8:30 p. m. at Bay de Noc Community College. The meeting will feature a record workshop dance. Al Brownlee of Texas will call for a dance Saturday afternoon, Feb. 28, from 2 to 5 at the Armory in Iron Mountain and several couples from Escanaba are planning to attend.

To pep up oil and vinegar dressing for salad, add a generous pinch of cayenne pepper.

Children Invited To Story Time

All boys and girls three and above are invited to Story Time which will be held Saturday at 10 a. m. in the Children's Room of Escanaba Public Library. This week, the stories will be: "Giant John" — a friendly giant with fairy friends who cause him a lot of trouble; "Harry the Dirty Dog" —who enjoyed getting dirty until one day when he got too dirty.

Powers-Spalding

Study Club

The Spalding Home Extension Study Club met at the home of Mrs. Irene Pirlot Tuesday evening. Twenty members were present. Danish pastry was the lesson. It was presented by Mrs. Nelson LaBonte with the assistance of Mrs. Pirlot and Mrs. Melvin Fazer. Each member was given the recipe and was shown how to make, mix and roll out the dough.

During the rising and baking time of the pastry, Mrs. LaBonte gave instructions on knitting. She was also awarded the special guest prize. Mrs. Pirlot served the Danish pastry for lunch.

Next meeting is scheduled for March 30 at the home of Mrs. Earl Weissert with Mrs. John Cory as hostess. The lesson will be "Retirement."

Card Party

The Holy Name men of St. Francis Xavier parish are sponsoring a card party Sunday evening, Feb. 28, at 8. Prizes will be given and lunch will be served.

Lions Meeting

Powers-Spalding Lions Club will meet at the Big R Cafe Monday at 7:15 p. m.

Big Seven Cage Champion Will Be Crowned Tonight

The Big Seven Conference championship will be decided tonight, the last of the Upper Peninsula high school prep leagues to crown a titlist.

The Big Seven enters the final night of the season with Hermansville and Channing tied for first place with 10-1 records.

Hermansville takes on Pembine, a second division club with a 3-8 record, while Channing hosts Carney, third place team in the league with an 8-3 record.

All the rest of the Upper Peninsula conference races have finished.

Marquette backed into the Great Lakes throne room when Escanaba defeated Stephenson Tuesday night, 68-59.

Kingsford, paced by Dick Berlinski's 24 point production, grabbed a share of the Menominee Range championship by defeating Iron Mountain, 82-56.

Mass spilled Marenisco, 91-63, for sole possession of the Porcupine Mountain Conference title.

Championships which had been clinched earlier in the season were Superior East in the Michigan-Wisconsin, Negaunee St. Paul in the Mid-Peninsula, Hancock in the Copper Country, Eben in the Central and Pickford in the Eastern.

Pine Mountain Hill Record Is In Danger

IRON MOUNTAIN — Bouyed by the spectacular U.S. tour performances of Japan's pint-size national champion, 21-year-old Yukio Kasaya, hopes for a new North American distance ski-jumping record here on March 6-7 are running high.

Observers who saw him overjump the Ishpeming Suicide Hill with a record 277-footer last Saturday, are confident the star from the Orient can stretch to the 335-foot mark here on giant Pine Mountain slide.

The North American record is 324 feet set at Leavenworth, Wash. Pine Mountain's all-time record is 317 feet. However, the face of the world's highest artificial ski slide here has been lifted to permit jumps of over 30 feet with maximum safety.

University student Kasaya and Takashi Matsui, 24, Japan's No. 2 jumper, head the entry list for the two-day classic on Saturday and Sunday, March 6-7. Matsui has been jumping right behind Kasaya, who has been fearless, flawless and fantastic in four U.S. performances this season.

His 277-foot flight at Ishpeming, the longest in over 60 years of ski-jumping in that city, was described as "poetry in the skies." His spectacular style, lying flat on his skis with the tips virtually scratching his chin, was held until he zoomed 60 miles an hour into the landing hill, 10 feet beyond the critical point.

Roels Accepts Coaching Offer In Arco, Idaho

BARK RIVER-HARRIS — Carlton B. Roels, veteran Bark River-Harris basketball and football coach, announced today that he will leave his position at the close of the school year to accept a similar assignment at Butte Consolidated High School in Arco, Idaho.

"I had planned on retiring from coaching and teaching at the end of the present school year, but the offer at Arco was too good to turn down," explained the Bronco mentor who had compiled a fabulous prep coaching record at schools in Michigan, Wisconsin, Minnesota, Iowa and Illinois during a career spanning three decades. His teams have captured 14 football and 17 basketball championships and he turned out 13 undefeated grid teams.

Butte would be a Class B school by Michigan standards with an enrollment of 600 students. Roels, who coached at Escanaba High School early in his career, flew to the Idaho school last weekend to accept the new position.

Central Gets Tourney Bid

KANSAS CITY (AP) —Central Michigan's Chippewas were named Thursday to compete in the NCAA college division basketball tournament.

CMU powered its way to 15 victories against six losses this season.

If the Chippewas win in the regional tournament March 5-6, they'll advance to the national finals at Evansville, Ind., March 10-12.

Lobos Get Wish To Return For NIT Cage Play

By The Associated Press

The New Mexico Lobos got their wish. They are coming back to the National Invitation College Basketball Tournament in New York where a year ago they took an 86-54 drubbing from Bradley in the final.

"This is what we've been going for all season," said coach Bob King after the Lobos accepted an NIT bid Thursday night.

New Mexico's acceptance shared the headlines with the 23rd straight victory of the nationally sixth-ranked Davidson Wildcats.

The Wildcats whipped Virginia Military 86-73 in the first round of the Southern Conference championship tourney at Charlotte and advanced to the semifinals with West Virginia, Virginia Tech and William and Mary.

Tulsa defeated North Texas 87-77, Xavier of Ohio downed Memphis State 95-74, Massachusetts edged Boston U. 87-83 and Utah State crushed Montana State 98-71 in other games.

Fred Hetzel's 31 points paced Davidson over the team that upset the Wildcats in last year's Southern Conference tournament. The Wildcats play West Virginia tonight in one semifinal with William and Mary meeting Virginia Tech in the other semi.

William and Mary advanced by downing The Citadel 68-60 and Virginia Tech romped over Richmond 103-63.

Rick Park tossed in 36 points to lead Tulsa to a home-court triumph over North Texas while Clarence Hill's 28 points paced Massachusetts over Boston U. at Amherst, Mass. LeRoy Walker's 37 points led Utah State over Montana State at Logan, Utah.

New Mexico was the sixth team named to the NIT. The Lobos, 10th-ranked in The Associated Press poll with a 19-3 record, accepted after St. John's 16-6, and Texas Western, 17-8, were named earlier Thursday. Villanova, Boston College and Detroit had accepted Wednesday.

The NCAA tournament, which determines the national champion, did not announce the identity of the last team to fill its 23-team field but Texas Tech, the Southwest Conference leader, disclosed it would not compete.

Dr. J. William Davis, chairman of the faculty athletic committee at Texas Tech, said that it had been discovered that Norman Reuther, star of the team, was scholastically ineligible.

Southern Methodist, the current runner-up, now is expected to represent the SWC in the NCAA tourney which starts March 8. The NIT opens march 11.

Big Names Miss KC Track Meet

NEW YORK (AP) — The meet was in New York, but the story was in Toronto. Or maybe San Francisco. Or perhaps at home in bed.

The outstanding athlete award in Thursday's Knights of Columbus indoor track meet went to Witold Baran of Poland. He ran a 4:05.7 mile and wasn't even around at the finish to pick up the plaque — a tip-off to the whole affair.

Bill Crothers, most exciting of the runners on the indoor circuit this season, was snowbound by a blizzard in Toronto along with the rest of the Canadian complement.

The Russian delegation, headed by high-jumper Valery Brumel and broad-jumper Igor Ter-Ovanesyan, was in San Francisco for the Golden Gate Invitational tonight, next stop on another three-day, multiple city swing on the indoor circuit.

Shot putter Gary Gubner was at home nursing a sore elbow. And Fordham's Sam Perry, who matched the indoor record of 5.9 for the 60 recently, also was among the missing. He had a bum leg.

That left Tommy Farrell the only really big name for the games, and he didn't want to run.

"I didn't feel like running," said the St. John's student who set an indoor 1:49.8 record for the half-mile two weeks ago. "I'm tired. I didn't expect to win. I just ran to help out, as a favor to (assistant meet director) Artie O'Connor."

Farrell ran the 1,000, running last most of the way, then pulling far to the outside on the last lap to win going away in a modest 2:12 flat.

Baran's time in the mile was equally unimpressive, but he gave the Madison Square Garden crowd of 10,145 a few moments of high hopes for a sub-four-minute-mile. He clipped off the half mile in 2:01.6 and three-quarters in 3:01.9.

The crowd urged him on. He responded with a dead tired 1:03.8 last quarter.

One of the better performances was a 7-foot high jump by Edward Czernik of Poland. Eamon O'Reilly of Georgetown won the two-mile in 8:56.6.

Weather Forces Tigers Indoors

LAKELAND, Fla., (AP) — "Sunny" Florida gave the Detroit Tigers some adverse weather and the pitchers and catchers went indoors for the official opening of spring training Thursday.

Winds were gusting to 50 miles an hour and temperatures dropped into the mid-50s as manager Charlie Dressen sent the major leaguers to the hangar at nearby Tigertown.

Mickey Lolich, driving from his home in Portland, Ore., and Julio Navarro, in Puerto Rico after a pitching stint in Venezuela, are not yet in camp.

"I hope we don't have to use that hangar too many times. We need warmer weather," Dressen said.

Denny McLain caught Dressen's eye in a 15-minute pitching stint.

"He was snapping off those fast curve balls," Dressen observed. "That's not easy to do indoors.

"The boys are all in pretty good shape as far as weight goes," he added. "We will just have to wait to see about their arms."

The Detroit skipper said he has a darkhorse among the 23 pitchers on the major league roster.

"I'm not saying who it is," Dressen said. "I'm going to wait until he gets to work a few games."

Observers feel Dressen was referring to Boll Graham, a tall right-hander who has been out of action voluntarily for three years. His brief stay on the mound had a number of the veterans buzzing.

Bill Faul threw for 30 minutes and Bill Brubaker for 25 minutes, for the longest throwing session by any pitchers.

Ed Rakow showed up wearing eyeglasses and surprised almost everyone in camp when he admitted he wore contact lenses all last season.

"I couldn't pick up the ground balls back at the mound quick enough, so I thought I'd change to these," he said.

A forecast of continued cool weather was expected to force the Tigers indoors again today.

Youth Survives Rifle Accident

Kermit Larson, a 20-year-old Bay de Noc Community College student, was termed a "very lucky boy" today by Dr. F. C. Anderson after being accidentally shot by his twin brother Thursday afternoon at their residence in Wells.

Larson was reported in "good" condition this morning at St. Francis Hospital.

"The bullet entered the back of his right hand, emerged from the palm and entered his chest, then ricocheted off the sternum (breast bone) and lodged in an area just below his left shoulder," said Dr. Anderson.

"The sternum is right in front of the heart," he said. "It could have been a fatal wound."

Dr. Anderson indicated that Larson was fortunate that the shot struck his hand first, taking some of the steam off the bullet.

Delta County sheriff's deputies reported the accident happened about 4 p. m., Thursday when Kermit's brother, Keith, attempted to move a .22 caliber automatic rifle from its resting place against a window frame while cleaning the room.

Deputies said Kermit was sitting on a bed in the room when the rifle discharged. He was taken to St. Francis Hospital by Keith and Mrs. Lloyd Peterson of Wells, the twins' sister.

The youths reside with the Petersons in Wells.

Deputies said that the rifle contained a single bullet in the chamber when it discharged, but that the clip from the automatic weapon had been removed.

College Council Created As Forum

An honorary "All College Council" was initiated at the convocation Thursday to act as a forum and discussion group. The council was organized for analysis of critical ideas. The 14 student members will meet with faculty representatives every Wednesday at 9 a. m. to discuss social, political, and college issues.

Six members elected by a student convocation are: Kenton Anderson, Janet Gasman, Bob Bezzi, James Irving, John Munshaw and Lois Cayemberg.

Six students elected by the faculty are Ron Erickson, Karen Flannery, Marceline Waak, Charles Vader, Dan Martinson and Cathy Erickson.

Student organizations each appointed a member to the council. Anita Freddo will represent the Newman Club and Mary LaPorte the Ski Club.

Escanaba Night At Chicago Club

An Escanaba songfest and a program of entertainment will be held tonight at the Swedish Engineers Society clubhouse, 505 Wrightwood Ave., Chicago. The program will feature an anniversary meeting of the "Escanaba Night" Committee active in staging a preview of the Escanaba Centennial celebration in 1963.

Chairman will be Austin Stromberg, Ecanaba High School Class of 1909, who has composed a song on Escanaba to be sung by the group.

Attending will be the following members of the "Escanaba Night" Committee: Ted Anderson, EHS 1923; Atty. Richard Baldwin, EHS 1921, Olaf Olson, EHS 1909; Ruth Hogan, EHS 1933; Lucille Ranguette, EHS 1923 and Linnea Sundquist, EHS 1933.

Troop 404 Plans Court Of Honor

Rotary Club Troop 404 will hold a Court of Honor Monday evening at 7:30 at the First Presbyterian Church.

The presentation of the Eagle Award to Stanley Jefferson, son of Mr. and Mrs. Stanley Jefferson Sr. of 311 S. 16th St., will highlight the program.

Films and slides of Troop 404 through the years will be shown and former Scouts of the troop are invited to attend, as well as parents of boys now in the troop.

Satchmo Draws Raves, $5,000

Louis Armstrong, the great "Satchmo" of jazz trumpet fame, offered his "All Stars" as a highlight of Northern Michigan University's All Events Week program in the field house on the Marquette campus Thursday night at 4,500 students and adults and he wowed them.

Satchmo was the greatest, of course, but his band members were all virtuoso performers and they poured on two hours of great entertainment that has become an American standard. Even the Russians dug Satchmo and they haven't been brought up on "Sleepy Time Down South," "When The Saints Come Marching In," and "Basin Street Blues."

Satchmo is more familiar to Americans — belting out "Blueberry Hill" today — than Nelson Eddy was a generation ago with "Indian Love Call" thanks to the spread of television. Currently Armstrong is running a dead heat with Carol Channing in the "Dolly" business.

Armstrong performs like the champion he is on the trumpet, but he wouldn't be the international favorite he is if he didn't lower the horn pretty regularly and give out with the vocals. The late Nat King Cole never stopped wondering why, with a voice like his (three parts fog and one frog), he was so enormously successful as a singer after a good start as a pianist and combo leader in the Earl Hines tradition.

Satchmo's voice has none of Cole's caress; he sings like a tester in a wind tunnel and is immensely effective at it, too, in a rather improbable way. He rolls a pair of eyes that seem only loosely in their sockets and yucks it up in a lively way that earns $5,000 a night. (Northern was a little concerned about the gate, but the concert turned a profit.)

The Armstrong troupe was at St. Joseph, Mich., on Wednesday night and it enbussed after the Northern concert for Lafayette, Ind., to play a date there tonight at Purdue University.

Russell Moore, trombonist, was tremendous and so was Arvel Shaw, the bass player. Billy Kyle, pianist, Eddie Shu, clarinet, and Danny Barcelona, the Hawaiian drummer, all were top bracket jazz musicians. Jewel Brown sang so well she got some vocal attention in competition with two gowns worn like snakeskin. J. W.

Generous Gift To Dimes March By Junior High

The Junior High School Student Council turned over a total of $173.59 to the March of Dimes this week, contributed by seventh and eighth grade students and four classes of sixth graders at Junior High.

Section 8-11 was the first to contribute 100 per cent and also made the largest gift—$31.90. Section 7-7 and 11 girls were also 100 per cent. The eighth grade total of $85.86 topped the seventh grade's $64.76. Sixth graders added $22.97 for the $173.59 amount.

The drive was sponsored by the Student Council whose Citizenship Committee Chairman is Kent Anderson. Other members are Ann Diedrich, Bruce Turner, Ruth Brown and Patty Anderson.

Steve Jurmu is Student Council president, Gregg Johnson is vice president, and Paula Fleetwood is secretary.

Warm-Up Due Here Saturday

A break in sub-zero cold that has gripped the Northern Michigan region for several days is due Saturday here, with the additional promise for warmer on Sunday.

The continued extreme cold has thickened ice on the bays and at Menominee brought interruption to the operation of the carferries that normally ply between that city and Frankfort.

The cause is three feet of solid ice in Green Bay, blocking the channel the Ann Arbor carferry usually follows between Menominee and Sturgeon Bay.

The ferries hope to resume operation on March 10, it was announced. At this time of year the ferries normally make the Menominee-Frankfort run four days a week.

In Escanaba at 10 a. m., today the temperature lingered at a chilly 4 above after a low of zero last night. The strong winds that built additional drifts last night had abated to 10 miles an hour.

The high yesterday was 18 degrees and the outlook is for a low of 4 above tonight, with skies partly cloudy.

Saturday's outlook is for a high of 25 and light snow; and there is the promise of further warm-up on Sunday.

Gordon Hough Dies Suddenly

Friends of the family here have been advised that Gordon Hough, 210 S. W. 1st Ave., Grand Rapids, Minn., former resident of Escanaba, died suddenly Wednesday.

Mr. Hough, who was manager of the J. C. Penney Co. store in Grand Rapids, formerly was associated with the Penney Stores in Escanaba and Gladstone. He is survived by his wife and two sons, Jack and Jim.

Chrysler Plant To Provide More Jobs For Ionia

IONIA (AP) — Lt. Gov. William Milliken Thursday night hailed a Chrysler Corp. decision to locate a plant in Ionia County as another proof of the soundness of the Michigan economy.

A reception and banquet was held to mark the recent decision by Chrysler to purchase the American Auto-Felt plant in Lyons. Auto-Felt is one of the county's largest employers.

This will stabilize jobs for some 300 workers and promote the economic growth of the county as well as of the entire state Milliken said.

Milliken also stressed the importance of $1 billion in economic expansion planned by the "Big Three" automakers. But he warned that Michigan should not rely entirely on the auto industry.

He urged a campaign for diversification of industry "so that the next time the auto industry slows down, all of Michigan won't slow down too."

Expansion Has Charm

HOSPITABLE EXTERIOR: There's a welcoming air to the traditional design and materials of this 1½-story expansion house, which has 1662 square feet of living area on the main floor and 954 additional square feet of habitable space above.

By ANDY LANG

In building a new home with an expansion area, there is often a choice of finishing off the extra space during the original construction or delaying it until it is actually needed.

Generally, it is more economical to have the expansion section completed at the time the house is built. But some families are reluctant to put out extra money for rooms that will not be used at once. There is no one rule that applies to all, budgetary differences being what they are.

Whatever decision is made, it is essential that the house design selected include an expansion area which permits practical and economical use of the extra space. Design H-71, the latest in the House of the Week series, has this kind of layout. Architect Fenick A. Vogel has provided a second-floor plan for two large bedrooms, four closets and a complete bathroom. Three dormers, two at the front and one at the rear, add a charming traditional note to the exterior. And the interior dormer space can be effectively utilized especially by youngsters who might need a private nook for studying.

For the family which does not immediately need the upstairs bedrooms, there are two bedrooms on the main floor, with five closets in this wing of the house. Two of these closets are available for the occupants of the master bedroom, one inside the room, the other just outside the door. Both are of the walk-in variety. This bedroom also has a private bathroom with a stall shower. A second bathroom, entered from the hall, is backed up against the first, an expense-cutting arrangement in the installation of plumbing fixtures.

H-71 STATISTICS

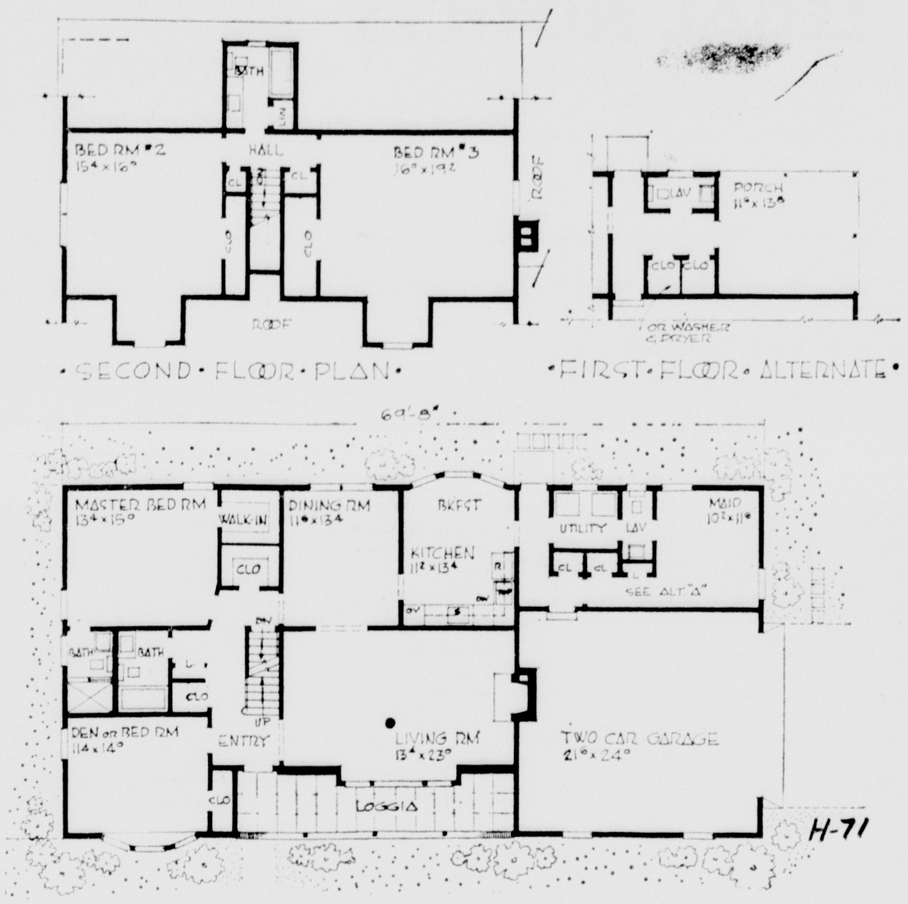
Design H-71 has a living room, dining room, kitchen, two bedrooms, extra room, 2½ baths and a two-car garage on the main floor; two spacious bedrooms and a bath on the second floor. There are 1662 square feet of habitable area on the main floor and 954 square feet upstairs. The overall, dimensions, including the two-car garage, are 69' 8" by 34'. The plans include a basement.

The living room, 23' long, is directly to the right of the front entrance. It boasts a handsome, traditional fireplace, an extended front window and an unusual amount of wall space, making it appear even larger than it is. The adjoining dining room has windows looking out on the rear yard, with doorways to the living room, kitchen and bedroom hall. There is a handy L-layout of counters and cupboards in the kitchen, with a bowed rear window, somewhat unusual for this type of room.

To the right of the kitchen and behind the garage is an area for which architect Vogel has provided alternate plans. In one plan, there is a section for utilities, a lavatory, three closets and what is called a maid's room, but which we will more practically call a spare room. The alternate plan calls for a lavatory, two closets and a porch, covered and screened if you wish. There is even an alternate to this, with a washer - dryer combination suggested as a possible substitute for the two closets. This entire area, regardless of which plan is used, is accessible from the kitchen, the two-car garage and the rear.

A look at the floor plans will show the front bedroom on the main floor designed as "den or bedroom." The theory here is that a small family which doesn't need this room for sleeping can turn it into a den or library, since it is easily reached from the front hall or living room.

There's a look of old-fashioned charm about the exterior, with its covered front entrance, matching dormers, bowed windows and wooden shingles. If you like a traditional house with a welcoming appearance and a well-designed expansion area, this one fills the bill.



FLOOR PLANS: When the second-floor expansion area is utilized, this house converts from a two-bedroom to a four-bedroom residence. In fact, a fifth bedroom is possible in the space behind the garage, for which the architect gives alternate plans.

Winter Begins To Affect Deer

LANSING (AP) — Michigan deer, like its people, are starting to suffer from the long hard winter, reports the State Conservation Department.

But the situation is no worse than average, department field men report.

In the Baraga District, deer have started to show signs of malnutrition but no dead animals have been found there yet. The Escanaba region had unconfirmed reports of fawns dying of starvation in the remote Huron Mountains and Big Bay areas.

Except in Menominee County south of U. S. 2, deer are huddled in yards throughout the Upper Peninsula.

In many parts of the northern Lower Peninsula, the problem of dogs running down and killing weakened deer is getting more serious. A heavy snow crust has been making the running easy for dogs but rough on deer.

Most whitetails are concentrated in heavy cover throughout their norther Lower Peninsula range but are still able to move out for food.

Deer have caused heavy damage in recent weeks by invading apple orchards in Livingston County. Shooting permits have been issued to orchard owners to meet the problem.

High numbers of deer are again reported wintering in the Barry State Game Area of Southwestern Michigan.

Mead Official To Address Meeting
